Mrs A. Pattee

1844

First of August.

It is proposed to have a celebration of this day, (being the eleventh Anniversary of the Emancipation of the Slaves in a portion of the West India islands), in Leicester.

It is designed to invite several gentlemen to address those assembled, in some suitable and convenient place.

It is also wished that there may be, on ~~that~~ occasion, an entertainment, to which shall be invited all persons coming from out of town, and at which all persons contributing to it may be present; and, if possible, others also. This will depend on the amount of provisions contributed.

The undersigned agree to contribute, towards this entertainment, provisions enough for the number of persons set against their respective names.

N.B. Any person, preferring to make a contribution in money, is requested to enter the amount ~~at~~ opposite to his name.
